Indians at Lake St. Ann are very hard up. Complaint is made that the Indian Department is very slow in forwarding the amount of fish needed for the relief of the destitute, promised in the fall. The fishery last fall was a partial failure owing to unfavorable weather, although there were plenty of fish of good quality and size. A better catch was made at Whiting's Lake, St. Ann, than at Lake St. Ann, Whiting's Lake is prevalent at the lake and there have been four or five deaths among the children from that cause.

CALGARY.

From the Tribune, Jan. 18.
Supt. Grisham, of Fort Saskatchewan, denies a statement made by an Edmonton correspondent of the Tribune regarding the cause and gravity of the punishment inflicted on Corporal Hogan and Const. Coates. Corp. Hogan did not get authority to keep a canteen adjoining the barracks, and his offense of selling prohibited liquor to a man in the force was a most serious offense, fully justifying the penalties meted out.

It is reported that Inspector Howe will shortly be attached to H troop at McLeod and that Inspector Sanders, now with A troop at Maple Creek, will take his place in Lechburgh.

Geo. King was killed in a day not just below the Y was the victim of a rather serious accident on Friday evening last. GENERAL NEWS.

CHICAGO, Jan. 31.—A letter picked up by the Government steamer Newfield, on St. John's Island, has been sent to the Marine Department. It bears date "On Newfoundland, 18th Nov.," and says the writer, with 800 passengers, only have half an hour more to live. It is in French, and is signed "J. Linther, St. Nicholas, Menthe."

The Government expect to make arrangements to allow a course in the military college to count for students in universities.

KINGSTON, Ont. Jan. 31.—A horde of Arabs who invaded the city, were arrested yesterday for begging. There were men, women and girls in the party, and all foul and repulsive. It was soon learned that a Nazarene was in charge as leader, who had reduced begging to a science. He was searched and about his body were found bags of gold, silver and a belt stuffed with bills. A panfull of silver was shaken out of the filthy robes of the others. They were so alarmed that they at once promised to leave the city. Before their arrest they were begging the mayor for passes. The leader, who is from Chicago, took charge of the party in Montreal.

TORONTO, Jan. 31.—It was rumored on the streets last evening that Mr. Allan, cashier of the Central Bank, had left the city. Allan was seen and remarked: "I have no intention to leave the city immediately. Owing, however, to feeling in the city, I am unable to get employment here, and shall have to go elsewhere. When I go away I shall make no secret about it, and am prepared to remain here and meet any charges brought against me."

DUBLIN, Jan. 30.—The arrival of Father McFadden, of Greedore, at Londonderry this afternoon, in charge of police was the occasion of a serious riot. Immediately upon the appearance of the priest, at the railway station, the crowd awaiting his arrival became violently excited and attacked the constables, having him in custody, with stones. The police were reinforced and charged upon the crowd, but were desperately resisted. A number of policemen were injured and it is reported that a detective was taken to the hospital suffering from concussion of the brain.

Mr. Wm. O'Brien was released from Tullamore jail to-day. He went immediately to the house of the parish priest. Large crowds followed him and were enthusiastic in their reception of him, but entirely orderly.

LONDON, Eng., Jan. 30.—The resignation of Lord Charles Beresford has raised quite a breeze both in political and club circles and in the columns of the press. A portion of the Conservative press condemn the action of the intrepid sailor as reflecting upon the naval administration, but other Conservative newspapers are sufficiently outspoken to declare their belief that the present system of carrying on the Naval Department of the Government forced him to resign as a means of disclaiming any responsibility for the bungling methods and shortsighted economy just now prevailing in the Admiralty office. Foremost among the newspapers supporting Lord Beresford's action is the *St. James' Gazette*, which asserts that the reasons given by the Admiralty for Lord Beresford's withdrawal are insufficient, adding that the country must know more of the truth of the matter impelling his action, and the sooner the better, both for the country and those responsible for the country's loss of Lord Charles' services in the Naval Department.

WINNIPEG, Jan. 23.—The *Call* says many Reformers are anxiously enquiring when Mayor Jones became a Liberal. He was not one at the last general election, when he refused to support Mr. Conklin in North Winnipeg, and actually declined to attend a meeting in his favor. The same paper also says it is stated that Mr. Jones will seek election in South Winnipeg. Mr. Lusk, retiring in his favor. There is only one obstacle in the way and that is that he would be overwhelmingly defeated.

The entertainment of Gabriel Dumont in New York by Premier Mercier shows how thoroughly the French Canadian Bourgeois were and are in sympathy with the rebels.

About six o'clock on Saturday morning a fire broke out in a butcher shop owned by B. J. Bond, near the corner of Main and Front streets, which resulted in the total destruction of the shop and two stores adjoining on the south side.

The temperature registered 40° below zero, but in spite of this the firemen were promptly on hand and commenced a vigorous fight against the flames. The Wholesome House was in imminent danger for some time, being only separated from the butcher shop by a narrow lot. However by a judicious direction of the streams thrown by the engines, this house was saved from any serious injury more than a severe scorching. The loss will amount to about \$20,000, with very little insurance.

MONTREAL, Jan. 22.—The fire on Saturday morning was the worst seen here for some months, and was not extinguished at a late hour this evening, twenty hours after its commencement. The premises of Duffy & Co., the Canada coffee and spice mill, Lavigne's Furniture Co., J. R. Mehard, Bouillon & Heron, The Serapiel Wine Co. and other buildings were totally destroyed. The loss will be over \$300,000, with insurance about three-fourths that amount. The sufferings of the firemen were intense. Ald. Stevenson made the round of the stations with a doctor who reported that out of the whole brigade only six men were fit for duty. The cold was intense and to make matters worse the hose all froze and the brigade was practically helpless. The fire is still raging, the flames being kept under by the volunteer brigades whose equipment had to be leveled on. The situation is most serious. If another fire broke out the consequences would be most disastrous.

THE CITIZEN'S BALL

The Barracks was again a scene of gaiety last Friday night. The occasion was a ball given by the citizens of Prince Albert to the non-commissioned officers and men of F. Troop, N. W. M. P., in return for the ball given by them to the citizens, an account of which appeared in our last issue. The large mess room was kindly placed at the disposal of the citizens by Supt. Perry. The decorations used at the police ball had not been taken down and with a few slight alterations were the same as on that occasion. There was a larger number of guests present than at any social gathering ever before held in the town, and taken altogether it was the grandest and most perfectly enjoyable entertainment that this place ever witnessed. The tables were fairly groaning under the load of good things furnished by the ladies of the town. The music was grand and was furnished by the P. A. C. band under the able leadership of Mr. St. Louis. Mr. D. Peterson at the piano and Messrs. Cook and Taylor, violinists, played in their usual artistic manner. The citizens were determined not to be outdone by their friends the police, and spared no trouble or expense to make this ball a greater success than that given by the latter to the citizens a week before, and as far as possible they succeeded in their object. Every arrangement was perfect and the satisfactory manner in which they were carried out reflect greatly to the credit of those on whom the management of the affair devolved; not a hitch of any kind occurred to mar the pleasure of the guests. The ladies looked lovely and by their beauty and grace and the elegance of their attire gave a brilliancy to the scene that has never been surpassed in the Northwest of Canada. There were over 120 couples present. Dancing commenced at 8:30 p.m. and was indulged in by all present, with great spirit, until about 4 a.m. when the gathering broke up, everyone going home more than pleased with the evening's entertainment, and fond in their praises of the way in which the ball was conducted. Too much praise cannot be given to the committee which had the conduct and getting up of the assembly in charge.

Sitting on the Stile.
 "What is that you are singing, my dear," said a lover to his best girl.
 "It is that old and beautiful song entitled 'I'm sitting on the stile, Mary.'"
 "Why don't you get up then?" hawled the ten-year-old brother. "You'll bust the style all out of your bustle."

Why the New Girl Wouldn't Stay.
 Wife.—"Well, our new girl is going to leave, John."
 Husband.—"Why?"
 Wife.—"She says your manner towards her on the street is entirely too cool; that we haven't our family arms on the kitchen stove side and broom handles, and that on the whole we are not of her set."
